SPECIAL MEETING

Date: Monday March 8, 2010

Time: 6:30 PM

MINUTES OF MEETING

This was a Special Meeting held to further discuss the existing proposal by Jim Duckett and Peter Sebring to begin an oyster farm operation in Nannaquaket Pond.

Members attending: John McEwing, David Stewart, Harris Gruber, Bob Dixon, Roger Winiarski, Frank DiMauro and Bruce Cox.

Residents attending were: Joseph Aiello, Joseph Ferrero and Nick ? Maltois?

During this meeting, members inquired as to which lot owners were aware of the proposal, specifically lots #'s 18, 18B, 19, 20, 21, 22, 23, 24 and 25A.

Frank DiMauro liked the proposal, but thought it should be sited in the south end of the Pond, in as shallow water as practical, and as far away as possible from shoreline areas that riparian rights occupants would normally expect to use during the summer months.

Two votes were taken:

1 – Against siting within the cove behind Delano Island; passed unanimously.

2 – Proposal to site outside the subject, in an open area in the Pond; passed unanimously.

Further, it was stipulated that applicants must directly inform all residents with direct riparian access to the Pond of their proposal, in it's final form.

No further motions or votes were entertained on the matter at this meeting.

All attending were reminded that David Beutel, the CRMC Aquaculture Coordinator, would be conducting a meeting on the matter tomorrow, March 9, 2010, at 3:00 PM at the Tiverton Town Hall.

Meeting was adjourned at 7:25 PM.

Respectfully submitted – Harris Gruber, Secretary
